

# A Story of *hope*

One day at 12:15 am : Sacramento Kindness Campaign received an email call for help from a San Juan Unified School District parent who needed help. She and her daughter were living in their car.

SKC was able to work with community partners to help this family find support and their footing.

Partners in this case:

- San Juan Unified School District—Provided sleeping bags
- Kiwanis of Carmichael—Provided a connection to transportation to pick up items for client
- SKC Founder, Sarah, donated survival and comfort supplies once the client chose to camp while a home was found
- SKC bought them a tent and provided hotel accommodations plus mutual assistance and advice.

" Hi Sarah! Just wanted to let you know we are doing well with all of the wonderful things you provided to us!

So much has happened since we last spoke! I have been very determined and have been searching for a place and talking to all kinds of people! We ended up camping out in my boyfriends sisters backyard for the past two nights and hopefully we can stay here for a little.

The step up program found us an apartment in Carmichael!!! We put the app in today along with a holding deposit and they needed more papers from me so I went to take them and she said that everything came back great and we were all approved on her end and just waiting for section8 inspection!!!! Isn't that great? Im so excited! The apartment isnt available until mid August but who cares! We have a place to call home now!!!

I would like to thank you for all that u fid for me and my family. Really. You have helped me more then any of my family has ever helped me in my whole lifetime. Thank u so much Sarah from the bottom of my heart. Ill never forget u and I hope that we can remain friends forever!"

"I am good! I have my own apartment in Carmichael now!!! Moved in on the 7th and I was so happy I kept crying the whole day we moved. I wanted to thank u again for helping me when I had no one. I was given the keys and as I walked in I sat down in my room and took a look around feeling so happy and accomplished and the one person I thought of right away to share my joy with was you. I'm so grateful for the help you gave to me and my family"
